Use eBill@MCU - Win \$500

Beginning May 7 each time a member pays a bill using eBill@MCU they are automatically entered into a **bi-weekly** drawing for **\$500** in cash. There will be six bi-weekly drawings, with the first winner announced May 21. Every other Monday thereafter, until the last drawing on July 30, we will select a \$500 winner. The more bills the member pays the better chance he has to win!

If a member is not currently an eBill@MCU user it is easy to get started. Simply visit our website, www.memcu.com, and click on the eBill@MCU icon in the upper right hand corner. Complete the short enrollment form and in a couple of days the member will receive an email informing him that his Ebill account is ready. An MCU checking account is required to use eBill@MCU.

eBill@MCU saves both time and money. Paying bills electronically eliminates the need for stamps (did you know that first class stamps are going up to 41 cents beginning May 14?) and unnecessary trips to the post office. eBill@MCU saves time because paying bills is now just a point and click away on any computer. eBill@MCU also helps to protect you from identity theft. Since using eBill@MCU makes check writing a thing of the past, identity thieves can not steal personal account information from checks by pilfering outgoing mail.

To save money and have a chance to win \$500 start using eBill@MCU today. Please call our Member Services Department at 1-800-951-8000 or your local branch should you have any questions about an MCU checking account or eBill@MCU.

The Perfect Graduation Gift - Visa Gift Card

Are you wondering what to give someone to commemorate their graduation from high school or college? Well, worry no longer because now Members Credit Union has VISA Gift Cards - the perfect gift for everyone! No more agonizing over what to buy or whether you sent the right size or color. Just send a VISA Gift Card and let the recipient decide where to go and what to buy. A VISA Gift Card works anywhere in the world where VISA is accepted.

- The minimum amount that a gift card can be purchased for is \$10 and the maximum amount is \$500. The credit union charges a fee of \$2.50 for each card purchased.
- Balances can be checked by visiting the website or calling the toll free number that is printed on each card.
- Gift cards cannot be used to rent a car or reserve a hotel room. Also, you can not use the card to pay at the pump for gasoline purchases. However, the card will work if you go inside the store to pay.
- Cards are charged a monthly maintenance fee of \$3 per month beginning with the 7th month after the card is activated. (This is not a fee collected by the credit union, but rather by the company that issues the cards for MCU.)
- Because a personal identification number (PIN) is not issued with the card, ATM withdrawals or cash back from point of sale purchases are not possible.
- Replacement cards or cards lost can be reissued for a \$10 fee. (Again, this is not an MCU fee but a card issuer fee.) Certain restrictions apply so you should treat a VISA Gift Card just like cash.
- Gift cards are available in all of our 17 branch locations.
